## WHY CHOOSE ASCO?

# Safe, lean, sustainable operations

We are committed to becoming a **net ZERO** greenhouse gas emissions business by 2040.

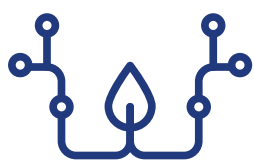

Maintaining operations with **ZERO disruption** and with excellent safety performance.

Minimising waste, maximising value – we aim for **ZERO waste** to landfill.

Forward planning, project management and procurement **throughout the project lifecycle**.

Through digitalisation and smart technology, we **streamline our operations**. The Group's innovative processes and systems mean the company is at the forefront of driving supply chain efficiency.

# Enabling you to achieve your objectives

**We work hard to be your first choice for logistics and materials management.**

Our focus is on improving the efficiency of your operations and we do this through our core differentiators: our people, processes, systems, locations and solutions.

**People**  
An experienced team built to meet your needs.

**Systems**  
Helping you make informed data-driven decisions.

**Processes**  
Proven processes that work for you, globally and consistently.

**Locations**  
Strategically located infrastructure to support your operations.

**Solutions**  
Bespoke solutions that deliver on your objectives.
